### THE ELECTION

The election that was held on Tuesday throughout- the United States was a one sided affair. It has already been termed an election held by the Republicans. The Democrats expect

to hold one in the future. For awhile we could not figure out what was the matter with our Democratic party but as the returns came dawned on us that in, it gradually

we had been greatly outnumbered. In pawing over the statistics it reminded us of an old gambling term about a deck of cards: All faced but

Our chieftain Cox was a mighty restless man and he played all around Mr. Harding and all that Mr. Harding did was to wait until election day

and take his revenge. It is hard to see how the Democrats took four out of the seven county offices, with Harding carrying the county by a big majority. It shows

some discrimination. Judge Snarp comes into his third term as judge with a large increased majority. While we were tied up with the nominee of our unfortunate party, it is but the absolute truth to say that if we have to have a Republican judge, we would choose Judge
